

Safety Chains

Our safety chains set the standard for heavy equipment towing.

The CTD Group has played a key role in updating safety chain standards (ANSI/ASAE S338.5) to create a more cost-effective design that stands up to the increasing size of modern equipment.

ANSI/ASAE S338.5 is the American National Standard for Field Equipment for Agriculture: Safety Chain for Towed Equipment. The American Society of Agricultural and Biological Engineers is the professional and technical organization focused on American National Standards (ANSI) for the advancement of engineering applicable to the agricultural, food, and biological systems.

Together with our innovative line of ductile-iron implement hitches, developed over 20 years to become the North American standard, CTD provides you with a seamless supply chain for meeting ISO safety standards in towing.

| ANSI/ASAE S338.5 Standard Sizes | |
|---------------------------------|--|
| PPSC1146BS | Chain, Safety Ass'y 1/4"x 46"Lg - 11,000lb |
| PPSC2150BS | Chain, Safety Ass'y 3/8"x 50"Lg - 21,000lb |
| PPSC4156BS | Chain, Safety Ass'y 1/2"x 56"Lg - 41,000lb |
| PPSC6166BS | Chain, Safety Ass'y 5/8"x 66"Lg - 61,000lb |
| PPSC8072DS | Chain, Safety Ass'y 5/8"x 72"Lg - 80,000lb |

| Common Optional Lengths | |
|-------------------------|--|
| PPSC1158DS | Chain, Safety Ass'y 1/4"x 58"Lg - 11,000lb |
| PPSC1172DS | Chain, Safety Ass'y 1/4"x 72"Lg - 11,000lb |
| PPSC2162DS | Chain, Safety ass'y 3/8"x 62"Lg - 21,000lb |
| PPSC4170DS | Chain, Safety Ass'y 1/2"x 70"Lg - 41,000lb |
| PPSC6180DS | Chain, Safety Ass'y 5/8"x 80"Lg - 61,000lb |
| PPSC8066DS | Chain, Safety Ass'y 5/8"x 66"Lg - 80,000lb |
| PPSC8072DS | Chain, Safety Ass'y 5/8"x 72"Lg - 80,000lb |
| PPSC8080DS | Chain, Safety Ass'y 5/8"x 80"Lg - 80,000lb |
